

# Missouri 2005 CSP Quick Facts

## Watersheds: 7

### Farms and Ranches

North Fork Salt – 1,310

South Fork Salt – 1,976

Blackwater – 2,762

Platte – 2,408 \*

Lower St. Francis – 492 \*\*

New Madrid-St. Johns – 515

Little River Ditches – 1,828 \*\*

**Total: 11,291**

\* does not include Iowa farms

\*\* does not include Arkansas farms

### Watershed Acreage

North Fork Salt – 436,000

South Fork Salt – 598,000

Blackwater – 791,000

Platte – 598,000 \*

Lower St. Francis – 229,000 \*\*

New Madrid-St. Johns – 415,000

Little River Ditches – 1.1 million \*\*

**Total: 4.2 million acres**

**Cropland: 3.5 million acres**

**Pastureland: 664,000 acres**

\* does not include Iowa acreage

\*\* does not include Arkansas acreage

### CSP Participation

Sought information: 3,347

Attended workshops: 579

Applied: 1,253

### Typical Enhancements

Soil Quality

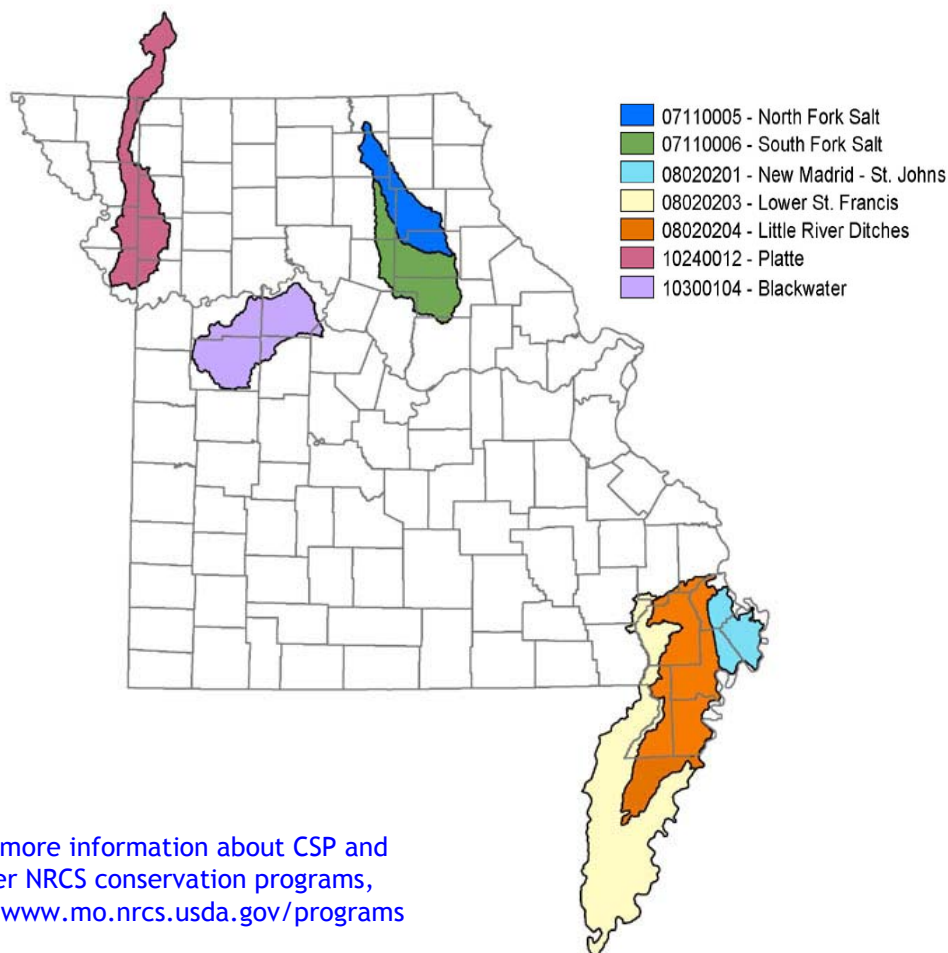

Water Quality

Water Management

Wildlife Habitat
